Happy Easter!

Johnson to Retire from Pro Cooperative

Mayor Lowell Johnson is set to retire from Pro Coop after nearly 30 years of customer service. Lowell started with Pro Coop in Rolfe in 1990, after working at the Humboldt Chevrolet garage. In 2005 he transferred to the Gilmore Station where he is set to finish his career. After retiring Lowell plans to stay busy working on cars, trucks and tractors (or anything with a engine and wheels). Together with his wife Rennie, they will plan on doing some traveling to see their children and 12 grandchildren. Chris and his family are in Rockwell City, Holly and her family in Fargo, ND, Kyle and his family in Big Lake, MN, and Amy and her son in Fargo, ND. His last day of work will be April 30th, so if you see Lowell out and about make sure to wish him a Happy Retirement!

Update on Sunset Park

As it looks like Spring might finally be gracing us with her presence, the Hometown Pride Committee is getting geared up to move forward with the plans for Sunset Park. Getting outdoors while maintaining a safe social distance and being intentional with trying to stay on track in the midst of all the bad news gives us something positive to focus on. We thought it would be a good idea to share our goals and progress with you.

Sunset Park is located along the heavily trafficked corridor of Rt. 3 on the edge of town by the railroad tracks. Originally donated to Gilmore City, the land is part of a visioning project that was started in 2012. Residents were invited to walk around the community and list what projects they'd like to see tackled and Sunset Park ticked a lot of those boxes. With help from grants, donations from residents, corporate sponsors and volunteers, we are moving forward to keep the vision going.

We have had 4-H clubs, students from GC-Bradgate, community leaders and members involved in helping with this project because our hope is that it can be a refuge for all in the future. The Rain Garden has been established and we're working on creating a parking lot, kiosk and picnic shelter as well as future restrooms. We're aiming to pour concrete for the parking lot the first week of June. If you look at the Master Plan you'll see plans to incorporate a 6' walking trail that will tie into the County Trails project underway in the 8 other communities in Pocahontas County and we'd like to line up volunteers to start working on the trail in August. If you'd like to help, just watch for future plans or contact us at goprojectsfund@gmail.com. As always, we appreciate your support. Stay safe, my friends. We'll get through this together.
